CIEH Principles of COSHH

Prepares employees to contribute to the safer use of hazardous substances

Course Cost

On request

Overview

This qualification is designed for those who use substances hazardous to health at work. It introduces candidates to substances, the risks and controls available, and outlines what to expect from a control of substances hazardous to health (COSHH) assessment. The qualification will prepare employees to contribute to the safer use of hazardous substances in their workplaces.

Course dates

On request
